

Wilf heard a lot of shouting and splashing coming from the pond and decided to go and see what was happening. His three friends had made a sort of boat, and were waving a stick about with a leaf stuck onto it. ‘Come and help us Wilf, we are trying to raise the sail and fix it to the boat.’ 27

Wilf was afraid of water and couldn't swim, but he wanted to help his friends. He grasped the boat and held tight. It wasn't easy, but together they finally managed to jam the mast into the hole at the bottom of the boat to stop the leak. After bailing out the water, it was ready to sail! 28
