

Cedric watched Wilfred flying his kite and asked, 'I wonder what it's like to be up that high'. 'Very scary I imagine'. Wilfred answered. 'But perhaps it might be exciting too' said Cedric. Just then something terrible happened! 'Help!' shouted Wilhelmina as a blackbird snatched her away. 5

Blackbird had a nest is full of babies to feed and a fat worm would make a tasty treat for them! 'Oh no!' cried Wilfred 'how can I rescue her, I can't even fly?' 'No' said Cedric, 'but your kite can and the wind is strong today. I have an idea - but we will have to be very quick!' 6
