

When Cedric reached the top of the kite string, he climbed into the tree. Through the leaves he could see the nest and Blackbird holding up Wilhelmina to feed her babies! With no time to loose, he scampered up to the nest. Blackbird was too big for him to tackle, but not so one of the babies! 9

Cedric ran up to a baby bird and shouted 'Drop Wilhelmina or I sting your baby!' Blackbird wasn't afraid of a centipede, but his sting might hurt her small baby bird, so she dropped the worm. Bravely, Cedric ran up to Wilhelmina, grabbed her before Blackbird could, and ran away from the nest. 10
